

STEELWORK AND FLUEGAS FABRICATION AND ERECTION

Client/End User : AGRA Birwelco (U.K.) / Hellenic Petroleum s.a. _
Aspropyrgos Refinery (Greece)

Year : 1999

Work Description :

Fabrication and erection of a furnace of 650 tns weight, including a steel chimney of 72m height.

Fabrication was performed at EKME's workshop at Thessaloniki and erection was performed on site by EKME's staff.

Refractory lining was performed by others.

Steel material was procured by EKME S.A., except alloy piping which was procured by AGRA-BIRWELCO.

Sandblasting, primer and final painting was included in EKME's scope of work.

Shop fabrication drawings were prepared by EKME S.A.
